No. 446-D

February 27, 1953

The real Spring rush has finally opened up with a bang. Plenty of demand and trading has hit Sesbania, Cattail Millet and Alyce Clover. Be sure to cover your requirements on these before selling or making any promises.

The heavy demand for Pensacola Bahia is always in March-April & May be prepared. Pastures are still very important in the feeding program of every progressive farmer. Other Bahia such as Argentine and Common will also be in demand.

It is still cheaper for the farmer to raise his grass, hay and grain and plant soil building crops than it is to buy feed and grain or fertilizer.

Prices quoted for full bags. Broken bags slightly higher.
